RESOLUTION NO. 116
Series of 1994

RESOLUTION RESPECTFULLY REQUESTING THE DEPARTMENT OF PUBLIC WORKS AND HIGHWAYS AT CALAPAN, ORIENTAL MINDORO, FOR TECHNICAL AND MECHANICAL ASSISTANCE TO WIDEN AND DEEPEN THE BAROC RIVER AT ROXAS, ORIENTAL MINDORO.

WHEREAS, last October 21, 1994 a torrential rain that lasted for ~~some~~ hours by a tropical storm, caused the Baroc River to overflow flooding the lowland barangays and damaging different kinds of crops amounting to thousands of pesos;

WHEREAS, this august body was informed an amount of two million pesos had been allotted for the re-channelling of the Baroc River and the project bidded and awarded to a contractor for its implementation;

WHEREAS, an ocular inspection conducted by the author and the Municipal Engineer showed that a large portion of the river's bank is almost on the level of the river's bed due to constant siltation and erosion causing it to overflow in just an instant rainfall;

WHEREAS, taking into account the Baroc River's present physical structure, it can no longer hold the large volume of water coming from Sepaco and Madugo River so that to make the project more feasible this body deemed it proper and highly recommend to deepen and widen the river's bed from Sitio Sepaco, San Vicente down to San Aquilino, Roxas, Oriental Mindoro.
