RESOLUTION NO. 109
Series of 2000

RESOLUTION CREATING AN ANTI-FILARIASIS TASK FORCE IN THE
MUNICIPALITY OF ROXAS, ORIENTAL MINDORO.

- WHEREAS, the treatment, prevention and control of communicable diseases is one of the services embodied in the program of the Department of Health;
- WHEREAS, one of such diseases is filariasis, a parasitic disease caused by roundworms called filarids, the larval stage of which is introduced into the bloodstream by mosquitoes or biting flies;
- WHEREAS, studies on this disease further reveal that adult worms live within the lymph ducts or glands where they may eventually obstruct lymph circulation, the resulting condition is edema or abnormal accumulation of fluid and wherein the extremities and scrotum are most often affected and may swell to abnormal proportion commonly termed elephantiasis;
- WHEREAS, in Barangay San Vicente of this municipality thirty (30) individuals have been diagnosed to be positively affected by this disease;
- WHEREAS, as a support to the 6-year Filarea Health Program of the national government to monitor, prevent and control the spread of filariasis, the local governance of Roxas, Oriental Mindoro has decided to create an Anti-Filariasis Task Force that

will immediately prepare and execute plans and programs in the municipality particularly in the affected barangays; and

WHEREAS, the members of this body are unanimous in acting promptly to this move and hereby agreed to create the Anti-Filariasis Task Force in Roxas, Oriental Mindoro.

NOW THEREFORE on motion of Councilor Mac Arlene M. Talens duly seconded by all -

BE IT RESOLVED to create as it hereby creates the Anti-Filariasis Task Force in Roxas, Oriental Mindoro in support to the 5-year Filaria Health Program of the national government.

RESOLVED FURTHER to send copies of this resolution Hon. Mayor Jesus M. Dimapilis, the Municipal Health Board and Dra. Leonor Nunez-Darte all of this municipality for their information and necessary action.

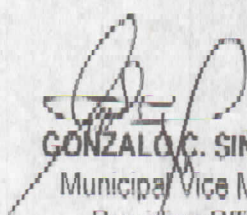

Unanimously Approved.
