RESOLUTION NO. 055
Series of 1999

RESOLUTION RESPECTFULLY REQUESTING HON. SENATOR ROBERT Z. BARBERS
FOR FUNDING ASSISTANCE TOTALLING P35 M FOR THE CONSTRUCTION OF
THE SECOND FLOOR OF THE (ROXAS PUBLIC MARKET (P15 M), DRAINAGE AT
BAGUMBAYAN (P10 M) AND FOR BANK PROTECTION AND DREDGING OF THE
PINING CREEK (P10 M) IN THIS MUNICIPALITY.

WHEREAS, ✓ the establishment of infrastructure like the public market is one major concern of the Municipal Government of Roxas, Oriental Mindoro to promote and enhance the commercial and industrial undertakings of the people of this municipality, especially the marketing of their agricultural products;

WHEREAS, ✓ market sub-structures such as drainage and water facilities are very important basic services which the Municipal Government has prioritized in its development plan hand in hand with the preservation and protection of the environment and natural resources of the place;

WHEREAS, ✓ the Roxas Public Market has been rebuilt after it was razed by a conflagration in 1992, the present structures constructed through the joint efforts of the municipal government and the Provincial Government of Oriental Mindoro for funding from the LGIF and from loans contracted by the Municipal Government in government banks;

✕ WHEREAS, the present market structure being constructed from the CDF of then Congressman Punzalan is proposed to have a second floor to accommodate the increasing number of investors and market stall applicants that have observed and experienced the needs and demands for more and varied goods and services in the market premises;

WHEREAS, ✓ with the expansion in business establishments in the market site and in the Poblacion area, more people came to reside in the place and this growth in urban population consequently brought an increase in percentage of pollutants of the environment affecting most the drainage system causing the clogging and stagnation of crudely constructed canals;

officer

- ✓ WHEREAS, this situation is especially aggravated by the inclement weather when strong rains cause these residential and commercial areas to be flooded rendering these roughly-built and unfinished drainage canals unserviceable;
- ✗ WHEREAS, the clogged canals in the low-lying Poblacion area is not the only cause of flood in this particular site but also the swelling of natural bodies of water like the Pining Creek which runs from Barangay Bagumbayan to Barangay Paclasan and whose shallow bed is nearly on the level of the bank;
- ✗ WHEREAS, the dredging of the said creek and the putting up of a riverwall as a preventive measure for flooding the area have from time to time been addressed to concerned government agencies for action inasmuch as the Municipal Government of Roxas is financially incapable to pursue the same from the local budget;
- ✗ WHEREAS, these three projects — the construction of a second floor of the Roxas Public Market, construction of the drainage canal at Bagumbayan and the bank protection and dredging of the Pining Creek, are support to the growth and maintenance of the livelihood activities and the economy of this municipality while providing an environment that is safe and conducive to the pursuance of their endeavors;
- ✓ WHEREAS, this august body agreed that these needs and priorities of the people of this municipality be brought to the concern of government officials/agencies for funding assistance inasmuch as the municipal government cannot appropriate funds for said projects from its local revenues and the very small Internal Revenue Allotment it presently receives;
- WHEREAS, this body unanimously agreed to seek financial assistance from Hon. Senator Robert Z. Barbers for the accomplishment of these projects knowing fully well of the benefits such will bring to the people of this municipality.

NOW THEREFORE on motion of Councilor Angeles D. Bautista and unanimously seconded by all -

BE IT RESOLVED to respectfully request as it hereby requests Hon. Senator Robert Z. Barbers for funding assistance for the following projects: construction of Second Floor of the Roxas Public Market (P15 M), drainage at Bagumbayan (P10 M) and bank protection and dredging of Pining Creek (P10 M).

RESOLVED to send copies of this resolution the Hon. Senator Robert Z. Barbers, Senate, Manila for his perusal and favorable action to this request for the welfare of the constituents of this municipality.

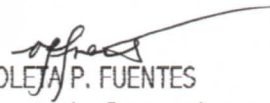

Unanimously approved.
