RESOLUTION NO. 033
Series of 1995

RESOLUTION REQUESTING THE PROVINCIAL ENGINEER, ENGR. ELMER DILAY TO CONDUCT AN EVALUATION OF THE CONSTRUCTED DIKE AT BARANGAY SAN RAFAEL, ROXAS, ORIENTAL MINDORO.

WHEREAS, the construction of a dike at Barangay San Rafael, Roxas, Oriental Mindoro with a length of approximately 300 meters, more or less, has already been finished;

WHEREAS, the Municipal Engineer, the Sangguniang Bayan members and the Barangay Captain and some councilmen of Barangay San Rafael conducted an ocular inspection of the said project and found some discrepancies as: the excavation done has no backfilling of gravel and sand to prevent erosion; the rip-rapping of two-meters wide and 300-meters length, more or less has not been completed;

WHEREAS, such situation is susceptible to collapse and destruction when strong rains and typhoons occur which may bring about flashfloods to the lowlands thereby endangering lives and properties;

WHEREAS, the municipal officials as well as the barangay leaders have no copy whatsoever of any pertinent papers by which the said project could be properly monitored;

WHEREAS, for the prevention of untoward incidents that may be caused by portions undone, part of the project or otherwise, this body deems it proper and urgent said San Rafael dike project be inspected the soonest time possible and to address this concern to the Office of the Provincial Engineer, this province for necessary action.

NOW THEREFORE, on motion of Kagawad Jesus S. Dela Cruz duly seconded by Kagawad Eduardo G. Villamin -
