WHEREAS, the Municipal Government of Roxas, Oriental Mindoro has a share of P300,000 from the Local Government Service Equalization Fund (LGSEF) to cover the implementation of Local Affirmative Action Projects (LAAP) component under CY 1999 approved by the Oversight Committee on Devolution (OCD);

WHEREAS, the said amount has been earmarked for the purchase of twenty (20) units handheld radios as recommended by the Oversight Committee on Devolution in its Resolution No. OCD - 2000 - 016,

WHEREAS, Memorandum from the President dated March 09, 2000 to all Local Chief Executives, Sanggunian, DBM and DILG Secretaries and Chairperson of Oversight Committee on Devolution grants authority to reallocate funds released

for LAAP under Resolution No. OCD - 99- 012 dated 15 December 1999 to high impact development projects.

WHEREAS, recent development which need immediate action of municipal and barangay officials and of the people of this municipality as a whole is the threat of a total destruction of the San Rafael dike where heavy rains that occurred the past weeks flooded the Bongabong River and eroded a large portion of the dike that only the prompt action of the town's officials and concerned citizens working together saved it from giving way to the flood that could have destroyed and wiped away lives, crops and properties in the lowlands comprising almost 80% of the barangays of the municipality.

WHEREAS, since the construction of permanent dike will entail millions of pesos, a temporary dike has to be constructed and maintained; however this dike constructed in the Barangay San Rafael area has to be reinforced time and again with sand and gravel placed in empty bags/sacks collected and/or purchased by the Municipal Government;

WHEREAS, the farm-to-market road going to said dike and which is the sole way out for transporting farm produce to the national road and to the market in town or to the adjoining barangays urgently need repair/rehabilitation, these muddy roads having deep, crater-like holes which in these rainy months are difficult to traverse;

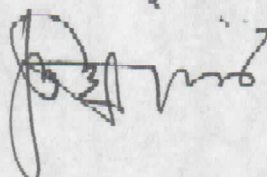

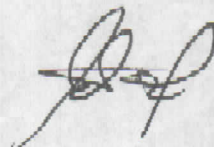

WHEREAS, agricultural pursuits of the residents of Barangay San Rafael in particular depend much on the irrigation canal on a section of the dike where water from the river has been diverted to flow and likewise on the farm-to-market road in this portion of barangay San Rafael;

WHEREAS, the reinforcement of the San Rafael dike and the rehabilitation of the farm-to-market road going to said dike are two activities very critical to the economic advancement of this town requiring funds for the immediate accomplishments;

WHEREAS, in the urgency of the need, it was agreed upon by the local officials to reallocate the P300,000 LGSEF originally intended for the purchase of 20 handheld radio units to the reinforcement of the San Rafael dike (P75,000), the rehabilitation of the farm-to-market road going to said dike (P75,000) and the remaining half or P150,000 for the purchase of ten (10) handheld radio units.
