

3. Garbage not segregated and placed in approved containers shall not be collected and shall be treated as disposed of in violation of the anti-littering provision of this ordinance and the person liable shall be penalized accordingly.

4. The specific date and hour of garbage collection in particular location shall be scheduled and announced.

b) For Commercial areas:

1. The owner, operator or lessee of any enterprise shall be responsible for the timely positioning of stored solid waste during the collection period which shall be made known in advance by the proper authorities which shall likewise assist, wherever necessary, in the sanitary means of loading wastes for collection purposes; and

2. The collection and transportation of any hazardous waste if necessary, shall be duly coordinated with the government agencies concerned with such type or types of wastes.

SECTION 8. Disposal of Solid Waste.

a) Residential, commercial and institutional areas:

1. Open burning of solid wastes are prohibited, residuals of solid waste after recourse recovery, recycling and compositing shall be disposed of by sanitary landfilling or other ecological sound methods;

2. Hospital wastes especially infectious wastes shall be incinerated in approved incinerator facilities and the ash residues shall be disposed of in separate compartment of the sanitary landfill; and

3. Illegal dumping, scattering or scavenging of solid waste along sidewalks, streets, alleys, riverbanks or in any public places or private properties shall be strictly prohibited.

b) Disposal of industrial wastes shall be as follows:

1. Hazardous wastes shall be incinerated only after getting the proper assistance or guidance from government agencies.

2. Other hazardous wastes shall be disposed of in accordance with the rules, laws and guidance of the concerned national agencies like EMB-DENR, Department of Health and the Philippine Research Institute.

SECTION 9. The Fees shall be categorized as follows:

A. Commercial and industrial establishment with a capital of P100,000 and above shall be charged an annual fee of P500.00

B. Commercial and industrial establishment with a capital below P100,000 shall be charged an annual fee of P300.00

C. Residential houses shall be charged an annual fee of P120.00 or P50.00 monthly.

SECTION 10. Penalties:

- a) Any person who violates any provision of this Ordinance shall, upon conviction, be punished by a fine of not less than P300 or more than P500 or by imprisonment of not less than five (5) days nor more than one (1) week, nor more than one (1) month of both fine and imprisonment at the discretion of the court without prejudice to the imposition of a higher penalty under any other law or decree such as indicated in the second paragraph of Section 2 of PD 825 (Anti Littering, which states that "if violator is a corporation, firm or other corporate entities, the maximum penalty shall be imposed upon the president, manager, director or persons responsible for its operations".
- b) For habitual violators, who willfully violate any of the provisions in this Ordinance, shall upon conviction be punished by a fine of not less than P500 or not more than P1,000 or by imprisonment of not less than fifteen days or more than one month or both fine and imprisonment at the discretion of the court.

SECTION 11. Environment Sanitation Office (Waste Management Office) There is hereby created an inspection unit under the Environment Sanitation Office (ESO) with the primary task of apprehending violators of the anti-littering provision and any person who allows littering. Any violator shall be issued Apprehension Ticket by the inspection unit of the ESO.

- a) Any person who violates any of the provision of this Ordinance shall, upon conviction, be punished by a fine of not less than P 300.00 or not more than P500 or by imprisonment of one (1) month.

SECTION 12. Hospital wastes especially infectious ones be disinfected/treated prior to its final disposal to a sanitary landfill or garbage dump site in a manner approved by the local health officer, PROVIDED, that it conforms with the Implementing Rules and Regulations of the Clean Air Act (Sec. 8 (a)p. 153, Art VI, Provincial Environment Code).

SECTION 13. There should also be a sanitary dumping ground in a safe and sanitary area in the hospital vicinity for the used infectious wastes. In case of liquid hospital wastes, a sanitary septic tank shall be maintained to dispose the same.

SECTION 14. All collectors and other personnel directly dealing with collection of solid waste shall be equipped with personal protective equipment and paraphernalia such as but not limited to gloves, masks and safety boots, to protect them from the hazards of handling solid wastes;(Sec. 15,(a), p. 141, Provl Environment Code)

SECTION 15. The Municipal Health Officer shall provide necessary training to the collectors and personnel to ensure that the solid waste are handled properly, using the training guidelines to be provided by the National Commission on Solid Waste Management and the Department of Health (sec, 15, (b),p.141, Provl. Env. Code)

- SECTION 16. Collection of solid waste shall be done in a manner that prevents damage to the container and spillage or scattering of solid waste while within the collection vicinity, (Sec. 15 (C), p. 141.....)
- SECTION 17. The equipment used in the collection and transportation of solid waste (or materials which have been separated for the purpose of recycling) shall be constructed, operated and maintained in such a manner as to minimize health and safety hazards to solid waste management personnel and the public. (sec.15, (d), p. 142....)
- SECTION 18. Equipment shall be maintained in good condition and kept clean to prevent the propagation or attraction of vectors and the creation of nuisances. (Sec. 15. (e),p.142.....)
- SECTION 19. The use of separate collection schedules and /or separate trucks or haulers shall be required for specific types of wastes. Otherwise, vehicles used for the collection and transport of solid wastes shall have the appropriate compartments to facilitate efficient storing of sorted wastes while in transit. The waste compartment shall have a cover to ensure the containment of solid wastes while in transit.(Sec.15, (f),p.142, Provl. Env. Code);
- SECTION 20. The MRFs' shall be established in a barangay or cluster of barangays. The facility shall be established in a barangay owned or leased and/or any suitable, open space to be determined by the barangay through its Sanggunian. For this purpose, the barangay or cluster of barangays shall allocate a certain parcel of land for MRF, subject to the structural guidelines of the Provincial Environment Code (sec. 16,p. 143,Provl, Environment Code)
- SECTION 21. Rice bran, hauled gravel and sand shall be covered while on transit.
- SECTION 22. Any individual, whether natural or juridical is prohibited from burning garbage, trash or any other refuse material in any public place within the Municipality of Roxas.
- SECTION 23. The Municipal Waste Management Office shall put up signs at all public places which have been used as such burning sites, to read substantially as follows:
