Series of 2008

RESOLUTION RESPECTFULLY REQUESTING THE HON. HERMOGENES E. WHEREAS, among the primordial concerns of the government is to deliver health services and economic program to its constituents;

WHEREAS, it is essential and basic for the maintenance of health and sanitation of a locality to avail of an adequate drainage system,

WHEREAS, the growth of urban population in the Municipality of Roxas consequently yields an uncontrolled increase of residential houses, educational institutions and expansion of business establishments which in effect, increase percentage of pollutants of the environment, mostly causing the cloggings and stagnation of numerous crisscross and crudely constructed canals and sewages,

WHEREAS, this municipality lies within the region that predominantly experiences a great amount of rainfall and is frequently visited by typhoons causing the residential sites and the commercial zones to be flooded and floating with garbage and wastes rendering the roughly-built drainage unserviceable;

WHEREAS, this perennial problem poses a continuous threat to the health of the townspeople of Roxas and is a stumbling block to the much sought economic progress and development and as such, requires an immediate and permanent solution;

WHEREAS, the local government of this municipality is financially handicapped to appropriate funds for the construction of an adequate drainage system along Paclasan Beach Road at Barangay Paclasan and Odiong, Roxas, Oriental Mindoro.

NOW THEREFORE on motion of Councilor Hernan C. Erorita duly seconded by all –

BE IT RESOLVED to request as it hereby requests the Hon. Hermogenes E.
