RESOLUTION ENDORSING TO THE OVERSIGHT COMMITTEE ON DEVOLUTION, DEPARTMENT OF THE INTERIOR AND LOCAL GOVERNMENT THRU HONORABLE RONALDO V. ZAMORA FOR FUNDING ASSISTANCE UNDER THE LOCAL GOVERNMENT SERVICE EQUALIZATION FUND (LGSEF) AMOUNTING TO P10 M THE REHABILITATION OF THE PINING CREEK, THE CONSTRUCTION OF COLD STORAGE FACILITIES AND THE PURCHASE OF MEDICAL EQUIPMENT, SUPPLIES AND MEDICINES FOR THE MUNICIPALITY OF ROXAS, ORIENTAL MINDORO.

- WHEREAS,** the Pining Creek which runs from the Welcome Site at Barangay Nagumbayan to the sea at Barangay Paclisan is at present one of the unsightly water resources of the municipality; through the length of its course are structures of temporary and permanent nature which have encroached a big portion of the creek and leaving but a narrow space for the water to flow;
- WHEREAS,** whatever small space left unsquatted has been polluted and clogged with rubbish dumped by unconcerned residents of the creek area and by adjoining residential houses;
- WHEREAS,** this pitiful condition of the environment contributes to the flooding of the area during heavy rains/typhoons as water from overflowing rivers cannot freely flow to the sea;
- WHEREAS,** for the protection of the environment against pollution and the continuous degradation of nature's resources, it is most proper and appropriate that measures be immediately undertaken to restore the Pining Creek to its natural course by effecting a program for its permanent protection;
- WHEREAS,** as this natural resources protection and conservation is a priority program of the present administration so is the provision of opportunities for livelihood and food production services, facilities and equipment;

WHEREAS, the construction of cold storage facilities in the municipality will be a big support primarily to the local producers and considering further that Roxas municipality is the center of trade and commerce in the southern part of Oriental Mindoro the cold storage facilities will be a big support to the economic activities of the people in this town and of those of the adjoining municipalities transacting business hereto;

WHEREAS, with the storage facilities in place, marine products of Roxas, Mangalay and Hualacao and likewise the agricultural crops like fruits and vegetables which are produced in large quantities in this municipality will be protected from spoilage and waste which would otherwise cause great financial losses to farmers;

WHEREAS, health services which require ample supplies and equipment and the provision of adequate medicine promptly delivered according to the needs of the constituents is another concern of the local governance so much so that time and again, this very vital necessity for people welfare is being addressed to health authorities and officials of the national government due to inadequacy of municipal funds,

WHEREAS, these three priority projects – the rehabilitation of the Pining Creek, the construction of cold storage facilities and the provision of medical supplies/equipment and medicines specified in the proposal are local priority projects of the Municipal Government of Roxas, Oriental Mindoro congruent with the socio-economic and development agenda of the Estrada Administration; and

WHEREAS, for lack of financial resources to implement these projects, the Municipal Government of Roxas, Oriental Mindoro seeks funding assistance under the Local Government Service Equalization Fund to the Oversight Committee on Devolution, Department of the Interior and Local Government.

NOW THEREFORE on motion of Councilor Cesar T. Badcos and unanimously seconded by all -

BE IT RESOLVED to respectfully endorse as it hereby endorses to the Oversight Committee on Devolution, Department of the Interior and Local Government for funding assistance under the LGSEF amounting to P10 M the projects rehabilitation of the Pining Creek, the construction of cold storage facilities and the purchase of medical supplies and equipment and medicines for the municipality of Roxas, Oriental Mindoro.
