WHEREAS, the Land Transportation Office (LTO) in the Municipality of Roxas, Oriental Mindoro was created by virtue of an Office Order No. 2018-357 signed by Assistant Secretary Edgar G. Galvante of Department of Transportation;

WHEREAS, the LTO Extension Office was established to serve the constituents of the southern part of Mindoro wherein an increasing demand for LTO services due to the increasing number of drivers and motor vehicles was noticeable;

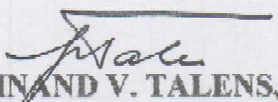

WHEREAS, Mr. Ronald Cusi – Manalo, a resident of this municipality is the proponent/donor of the LTO Roxas Extension Office included in his donation were the lot, building, IT equipment and furniture and fixtures of the said office which cost million of pesos;

WHEREAS, this noble act of Mr. Manalo save general funds and at the same time beneficial to vehicle owners and drivers in this southern part of the province, making it convenient for them to register their motor vehicles and to apply for driver's license;

WHEREAS, the establishment of LTO Extension Office curtailed illegal operations of public utility vehicles which for so many years was a problem of the town's officials and authorities as may owners operate without registering the vehicles with the Land Transportation Office putting the riding public in a very disadvantageous situation in cases of accidents and causing considerable loss of government revenues;

LEO G. CUSI, SR.

JERWIN S. DIMAPILIS

FERDINAND V. TALENS, MPA

WHEREAS, the only problem that the LTO Extension Office facing now is the lack of Private Emission Testing Center, at present there is only one (1) operational Emission Testing Center serving motor vehicle owners in the area other emission testing centers are located approximately 70 – 120 kilometers away from the Municipality of Roxas, Oriental Mindoro making it difficult for everyone to process their vehicle registration;

WHEREAS, the limited threshold of the Private Emission Testing Center (PETC) causes inconvenience to motor vehicle owners for they have to line up very early in the morning in order to get a slot and if the slots are full, they will be given an appointment at least two (2) days away;

WHEREAS, with the increasing number of motor vehicles in the municipality and the influx from nearby municipalities, there is an urgent need to request for acceptance/approval of applicants for the establishment of additional motor vehicle emission testing centers in the municipality;

WHEREAS, this problem will defeat the purpose and programs of Land Transportation Office to provide quality and efficient services to vehicle owners and drivers;

WHEREAS, it is on this light that the Sangguniang Bayan of Roxas acting on the need of the people of this locality unanimously agreed to endorse the application of Mr. Ronald Cusi – Manalo to establish an emission testing center and earnestly request the Department of Transportation through the Land Transportation Office to consider his application for the interest of public service.
