RESOLUTION NO. 096
Series of 1996

RESOLUTION RESPECTFULLY REQUESTING THE NATIONAL POWER CORPORATION (NAPOCOR) AND THE DEPARTMENT OF ENERGY TO SET UP A LAND-BASED GENERATOR IN ORIENTAL MINDORO TO ENSURE STABILITY AND CONTINUITY OF ELECTRIC POWER ESPECIALLY IN THE SOUTHERNMOST MUNICIPALITIES OF ORIENTAL MINDORO.

WHEREAS, electricity in this municipality and for this matter, up to the southernmost towns of this province is being supplied by a power barge from Calapan, the provincial capital some 140 kms. away, and from an old barge moored at Barangay Dangay of this town;

WHEREAS, power from these two sources come in alternate shifts which in many instances prove detrimental to our local consumers; when power source from Calapan fails, that at Dangay remains the sole source of electricity, its one-megawatt generator being maximized, the other generator having been unserviceable for quite a time now, the one of service operating only for six hours a day;

WHEREAS, the services from these power sources become regular only under normal weather conditions; bad weather results to brown-outs for undetermined number of days, the resumption of service depends largely on the duration of the repair of damaged parts, structures and facilities;

WHEREAS, this unstable provision of electric services affects the commercial and industrial establishments, hampers their normal operations, the work output, the services of most occupational pursuits dependent on electricity, the reliability of output of electrical appliances and oftentimes damaging these machines and other services or apparatuses using electricity;

WHEREAS, these sad experiences on power failure from any one source at a time or at most, both at the same time especially on occasions it is most needed are considerations that must be promptly taken care of and alternative solutions and remedial measures be undertaken by all concerned and brought to the attention of proper authorities;

WHEREAS, in this light, the members of this august body are of the opinion that putting up a land-based generator unit in Oriental Mindoro will be a big help to ensure the provision of a stable and continuous supply of electricity for the socio-economic needs and welfare of the inhabitants of this province particularly of the southernmost towns.

NOW THEREFORE, on motion of Kagawad Jesus S. Dela Cruz and unanimously seconded by all -

BE IT RESOLVED to respectfully request as it hereby requests the National Power Corporation and the Department of Energy to set-up a land-based generator in Oriental Mindoro, this seen as a very timely and pertinent move to ensure stability and continuity of electric power especially in the southern municipalities of this province even on bad weather conditions.

RESOLVED FURTHER to send copies of this resolution to the National Power Corporation, BIN Road, Diliman, Quezon City and the Honorable Secretary, Department of Energy, PNPC Complex, Meritt Road, Fort Bonifacio, Makati City for their perusal and favorable action.

RESOLVED FINALLY to furnish copies of this resolution to the Honorable Rodolfo G. Valencia, the Honorable Sangguniang Panlalawigan Members of Oriental Mindoro and all the Local Chief Executives of the municipalities of this province for their information and necessary support.

Unanimously approved.
