2020 was issued declaring a State of Calamity throughout the Philippines due to COVID-19;

WHEREAS, since the emergence of COVID-19 we have seen instances of public stigmatization among persons who have contracted the disease including probable and suspect, and the rise of harmful stereotypes. This means that people are being labelled, stereotyped, separated and/or experience loss of status and disorientation because of a potential negative affiliation with the disease. Stigmatization could drive people to hide the illness to avoid discrimination or prevent people from seeking health care immediately and discourage them from adopting healthy behaviors;

WHEREAS, the Department of Health (DOH) recently warned the public against discrimination against persons reported to have contracted COVID-19 as well as suspects and probable including health workers and emergency workers who are among those in the front lines of the battle against the rapidly spreading COVID-19, the DOH stated "that with the world controlled with a virus with little information known, it is human to be afraid. But we must not allow hysteria and paranoia to result in irrational treatment of people;

WHEREAS, there have been several reported incidents of people being evicted out of their residences or after having recovered from the illness were prevented from returning back to their residences, while some were even doused with water and were refused services in eateries or transportations over fears of infection. Some were shunned by local stores, boarding houses, and even their own barangays and homes. Several false and inaccurate social media posts even circulated online spreading names of people alleged to have been infected with COVID-19 and urging the recipients to check if they had contact with those listed;

WHEREAS, considering the gravity of the situation, there is an urgent need to combat this pervasive stigmatization on the basis of one's medical condition; there is a need for the municipality to bring normalcy and order amidst crisis, and protect its constituency from unjust discrimination brought on by fear and panic by public;

WHEREAS, it is at this trying times, families who are affected by this pandemic suffer severe anxiety and social humiliation, hence, it is the policy of the Municipal Government of Roxas to act as *parens patriae* during this trying times by showing compassion, empathy and tolerance towards its affected constituents as the virus can inflict any person regardless of race, age, sex or social standing. Only through a united front, strengthened by our religious conviction can we fight and end this pandemic;

WHEREAS, the 1987 Philippine Constitution under Article III Section 1 provides that every person has the right to life, liberty, security of person and privacy and the right to be free from discrimination. Furthermore, under Section 11 thereof, the State values the dignity of every person and guarantees full respect for human rights.

NOW THEREFORE, BE IT ORDAINED by the Sangguniang Bayan of Roxas in Regular Session assembled that:
